

CARING LIKE CHRIST

Equip your whole church to care for the hurting — the way Jesus did.

A free 4-session training series from Biblical Counseling Center

Caring Like Christ is a free, four-session video training that equips ordinary believers — not just professionals — to have Christ-like conversations with hurting people. Each session is about 20 minutes and includes a full workbook with discussion guides, making it ideal for small groups, ministry teams, adult classes, or all-church training.

THE FOUR SESSIONS

1. Called to Care

Caring for the hurting is the calling of every believer, not just professionals.

2. Called to Conversations

The nine kinds of conversations Jesus modeled — moving past small talk.

3. Called to Counseling

Offering wise, biblical counsel without changing the personality God gave you.

4. Called to Conviction

The five convictions of a church that truly cares like Christ.
